30 0.0353 oz (1g) packets | NET WT: 1.06 oz (30g)

directions for use

Mix one sachet with 4 fl. oz. of water. Can be used with hot or cold water. Most effective if taken 30-60 minutes before a meal, but not necessary if you use more or less water depending on preference of tea taste.

WARNING: If you are currently taking any prescription medication or have an ongoing medical condition you should consult your healthcare practitioner before using this product.

what does trim tea do?

Trim Tea is a delicious herbal supplement formulated to promote a multifunctional approach to weight loss. Our thermogenic slimming tea tackles weight management with a three-pronged approach that targets satiety, appetite control, and metabolic balance.

Contains ingredient WellTrim® iG, a clinically studied Irvingia seed extract for weight loss and metabolic wellness.
