

TLS® TRIM TEA

TLS® TRIM TEA

6610 | Single box (30 stickpacks) | 

A THERMOGENIC SLIMMING TEA*

TLS® TRIM TEA is a gluten-free, thermogenic slimming tea formulated to promote a multi-functional method to weight loss. Containing WellTrim® iG (Irvingia Gabonensis/African Mango) and black tea extract, TLS® Trim Tea uses a three-pronged approach to tackle weight management, targeting satiety, appetite control and metabolic balance. While there are other weight management competitors on the market that use WellTrim® iG, most of them do not offer a product in the form of a tea. WellTrim® iG is a patented, clinically tested seed extract for weight loss and metabolic wellness.* Take our easy-to-use stickpacks with you when you're on the go and enjoy, hot or cold.*

DIRECTIONS FOR USE: Mix one stickpack with 6 fl. oz. of water. Can be used with hot or cold water. Most effective if taken 30-60 minutes before a meal, but not required. May use more or less water depending on preference of tea taste.
