

# Healthy, Balanced Skin

Skintelligence® is an all-inclusive botanical skincare line with natural extracts that soothe skin, giving the appearance of healthy, vibrant skin.

Skintelligence provides alpha-hydroxy acids to help revitalize the skin. Plant-derived extracts like lemongrass and lavender help soothe skin naturally. Other brands claim they contain natural ingredients but are harsh on the skin. Because of its natural properties, Skintelligence is great for even the most sensitive skin, offering ingredients that are mild, yet effective. Creamy and light, Skintelligence is the most valuable botanical skincare around!

In any skincare regimen, the order of products is dependent on the texture of the product — apply the lightest-textured products first, ending with the heaviest. Apply treatments using a light patting motion, ensuring the entire face has been covered.

## FOR BEST RESULTS, UTILIZE THE FOLLOWING REGIMEN DAILY.

STEP 1 <b>cleanse</b>	Cleanse with <b>1</b> Skintelligence Hydra Derm Deep Cleansing Emulsion. First, wet your hands and face. Next, apply the cleanser to the face in circular motions (this cleanser does not foam). Leave the emulsion on the skin for one minute, and then rinse with water. Repeat morning and night.
STEP 2 <b>tone</b>	Toning is necessary for people with skin conditions like acne and excessive oiliness. Toning your skin helps to balance the moisture in the skin, making skin less oily. It is also considered a second step in the cleansing process. <b>2</b> Skintelligence pH Skin Normalizer would satisfy this step. Holding the bottle 6 to 8 inches from the face, spray two to four times. Repeat morning and night.
STEP 3 <b>detoxify</b>	Apply <b>3</b> Skintelligence Facial Firming Masque to the face using clean hands, covering the entire face while avoiding the eye area. Leave the masque on for 10 minutes. Repeat two to three times per week to detoxify and firm the skin.
STEP 4 <b>treat</b>	Apply <b>4</b> Skintelligence Skin Perfecting Complex to the entire face. Allow to penetrate the skin before applying moisturizer. Repeat daily.
STEPS 5-6 <b>moisturize</b>	In the morning, apply <b>5</b> Skintelligence Alpha 24 Triple Revitalizing Complex to the face, avoiding the eye area, in a patting motion for environmental and sun protection. Repeat daily.  In the morning and evening, apply <b>6</b> Skintelligence Daily Moisture Enhancer to the entire face in a patting motion, avoiding the delicate eye area. Repeat daily.

# you can also use ...

Lumière de Vie® Eye Balm	Lumière de Vie Needle-Free Serum	VitaShield® OPC-3® Triple Serum	Pentaxyl®	Timeless Prescription® Anti-Blemish Lotion
<p>Apply Lumière de Vie Eye Balm to the under-eye area using the included metal-tipped applicator. Using the applicator, lightly dab a small amount underneath the eyes, rotating the applicator while moving from the inside corner of the eye to the outside. Repeat morning and night during the moisturizing process (step 5).</p>	<p>Apply Lumière de Vie Needle-Free Serum during the treatment process (step 4), following Skintelligence® pH Skin Normalizer. Follow with Skintelligence Skin Perfecting Complex. Repeat morning and night.</p>	<p>Apply VitaShield® OPC-3® Triple Serum during the treatment process (step 4). VitaShield OPC-3 Triple Serum should be applied before Skintelligence® Skin Perfecting Complex. Repeat morning and night.</p>	<p>Apply Pentaxyl as the last step during the treatment process (step 4), before the application of a moisturizer. Repeat morning and night.</p>	<p>Apply Timeless Prescription Anti-Blemish Lotion by dipping a cotton swab into the pink solution at the bottom. Apply the pink solution directly onto the blemish. Repeat at nighttime after cleanser, toner, treatment and moisturizer (step 5).</p>
