

Isotonix® Daily Essentials Packets

Primary Benefits of the Isotonix Daily Essentials Packets:*

- Easy-to-use packets that provide the nutrition you need on-the-go
- Contains 100 percent or more of the recommended daily value of essential vitamins and minerals
- Increases energy
- Helps decrease stress and improve mood
- Promotes cardiovascular health
- Helps maintain joint flexibility
- Helps maintain normal immune functions
- Helps support normal blood glucose levels

How the Isotonix Daily Essentials Packets benefit you:*

Enjoying good health and lifelong vitality isn't the result of an overnight transformation — it happens one day at a time. By making the right nutritional choices every day, we set in motion benefits which add up over the course of weeks, months and years. For all of these reasons, the Isotonix Daily Essentials Packets are made for every adult with the convenience of 30 single serving packets.

The Isotonix Daily Essentials Packets include one capful each of Isotonix Multivitamin without Iron for foundational support, Isotonix Activated B-Complex to help promote physical and mental energy, Isotonix Calcium Plus to support healthy bones, and Isotonix OPC-3® for multifaceted support while also fighting off free radicals and occasional inflammation.

Many of us have a tendency to put things off when it comes to our nutrition. The fact is, however, that each day is an opportunity to move toward a healthier lifestyle, one step at a time. Starting today means feeling better tomorrow. To prepare for both the day ahead and the days to come, take advantage of the Isotonix Daily Essentials Packets.
