COMPLEXION • BALANCE • VITALITY*

Isotonix Essentials™ Women's Health was made with the active woman in mind. A women's body has unique needs based on her age, her weight and her physical fitness. The Isotonix Essential Women's health formula has the optimal combination of nutrients to meet the diversity of female needs with added vitamins and minerals to support female balance.* Isotonix products have been carefully formulated to deliver nutrient dense solutions which move from the stomach into your intestine in a fast, controlled way. And they're buffered to resist nutrient degradation and to be gentle on your system.

Directions for use: Pour contents of packet into a cup. Add 8 fl. oz of water into the cup and stir. As a dietary supplement, take once daily or as directed by your healthcare provider. Maximum absorption occurs when taken on an empty stomach. This product is isotonic only if the specified amounts of water and powder are used.

Who should take this product? Females 18 years of age and older who want to support healthy skin and body, specific to women's needs.*
